Dear Mr Walker

I write regarding your letter requesting Business Cases for Supply Measures dated 9 May 2008. The attached USB contains copies of the documents for the Enhanced Environmental Water delivery (EEWD or Hydrocues) business case.

The USB contains the original business cases and appendices submitted for Phase 2 Assessment in accordance with the agreed Assessment Guidelines for Constraint and Supply Measures. The USB also contains redacted copies of some of the original files for public release, should the Commission intend to publish these documents. The originals of the redacted files have been password protected and the password has been provided to Ms Joanne Masters.

Should you require further information on the business cases supplied please contact Ms Chris Morony on telephone (08) 8463 3019 or email: [chris.morony@sa.gov.au](mailto:chris.morony@sa.gov.au).

Yours sincerely
